

HULL COLLEGIATE SCHOOL

CHILD PROTECTION (Safeguarding)

Hull Collegiate School seeks to implement this policy through adherence to the procedures set out in the rest of this document.

Hull Collegiate School is fully committed to ensuring that the application of this policy is non-discriminatory in line with the UK Equality Act (2010). Further details are available in the school's Equal Opportunity Policy document.

This document is available to all interested parties, including parents/carers and prospective parents/carers, on our website and on request from the main school office and should be read in conjunction with the following policies and advice:

- Safeguarding
- Annual Safeguarding / Child protection report to governors
- Keeping Children Safe In Education Statutory Guidance Sept 2019
- Inspecting Safeguarding in Early years, Education and Skills Settings Ofsted Aug 2016
- Anti-Bullying
- Cyberbullying
- Behaviour
- Missing Pupil
- Uncollected Child
- Mobile Phones
- Foundation Stage Acceptable use of Cameras and Mobile Phones
- Acceptable Use of ICT (Staff)
- Whistleblowing
- Staff Code of Conduct
- Letter from Chief Executive and Headteacher to All Staff
- What to do if you are worried a child is being abused (March 2015) – Advice for practitioners

This document is reviewed and renewed annually by Mr C M Wainman, Mrs K Bloomfield and Mrs A Kell or as events or legislation change requires. The next scheduled date for review is September 2020.

This policy applies to all members of our school community including those in our Early Years setting.

Date of last central office review:	Michaelmas 2018	Review Period:	1 year (minimum)
Date of next central office review:	Michaelmas 2019	Owner:	Chris Wainman
Date of next school level review:	September 2020		
Type of policy:	United Learning Policy	Local Governing Body	Recommends school policy for Group Board approval
		Group Board:	Group Board approves United Learning Policy

REVIEW TIMETABLE

The Policy will be reviewed annually, as set out below:	
Policy reviewed centrally	
Policy tailored by individual schools	March 2020
Policy ratified by Local Governing Bodies	December 2019
Policy approved by the Group Board	
Implementation of Group Policy	

For the purpose of this policy:

- **‘staff’** refers to all paid adults, volunteers or students on placement, working in any capacity in the school or in activities organised by the school, which brings them into contact with pupils of the school.

- **DSL** Designated Safeguarding Lead
- **DDSL** Deputy DSL
- **ADSL** Assistant DSL
- **CPG** Child Protection Governor / Member of the LGB
- **LGB** Local Governing Body
- **LADO** Local Authority Designated Officer
- **ERSCB** East Riding Safeguarding Children Board
- **ERSCP** East Riding Safeguarding Children Partnership
- **CST** Locality Children Safeguarding Teams
- **CSC** Children’s Social Care
- **EHASH** Early Help & Safeguarding Hub
- **DBS** Disclosure & Barring Service (Formally CRB)
- **KCSiE** Keeping Children Safe in Education 2019 Statutory Guidance
- **EWO/S** Education Welfare Officer/Service
- **YFS** Youth & Family Support
- **PET** Prevention & Education Team

- **Child Protection** Refers to the multi-agency arrangements to identify and protect children who are, or may be, at risk of Significant Harm

- **Safeguarding** Refers to the protection, safety and promotion of the welfare of all pupils including when in offsite provision or activities and using IT. This includes the building of resilience and awareness of risk through the formal and informal curriculum.

- **Child** Any pupil under the age of 18 is legally a child.

- **Pupils 18 or over** If there is a concern about the welfare of a pupil aged 18+ DSL’s are advised to seek advice in the same way as with children e.g. EHASH may sign post to Adult Services or refer to YFS. See also section 22, Appendices P and Q in respect of staff pupil relationships.

1. Policy Statement

This policy applies to Hull Collegiate School (“the School”), which includes the EYFS setting. United Church Schools Trust requires the School’s Local Governing Body to review and update this policy annually (as a minimum). This policy is available on the School website www.hullcollegiateschool.co.uk This policy is ratified annually by the United Learning Group Board.

This policy has regard to the following guidance and advice:

- Keeping Children Safe In Education (September 2019) (‘KCSIE’)
- Disqualification under the Childcare Act 2006 (July 2018)
- What to do if you're worried a child is being abused: advice for practitioners (March 2015)
- Sexual violence and sexual harassment between children in schools and colleges (May 2018)
- Working Together to Safeguard Children (July 2018)

- Information sharing: advice for practitioners providing safeguarding services (July 2018)
- Revised Prevent Duty Guidance for England and Wales (July 2015)
- The Prevent Duty: Departmental advice for schools and childminders (June 2015)
- The use of social media for on-line radicalisation (July 2015)

This policy also takes into account the procedures and practice of the Local Authority and the published safeguarding arrangements set out by the three local safeguarding partners.

2. CONCERNS ABOUT A CHILD

The School has a duty to consider at all times the best interests of the student and take action to enable all students to achieve the best outcomes. Safeguarding and promoting the welfare of children is everyone's responsibility. Everyone has a role to play in identifying concerns, sharing information and taking prompt action in accordance with this policy.

The School has arrangements for listening to children and providing early help and processes for children to raise concerns about themselves or their peers. Details of these arrangements are to report to the DSL immediately. Staff should expect to support social workers and other agencies following any referral.

2a. Definitions of Safeguarding and Types and Signs of Abuse

Safeguarding and promoting the welfare of children is defined as protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes.

Abuse is a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). Abuse can take place wholly online, or technology may be used to facilitate offline abuse. They may be abused by an adult or adults or by another child or children. Abuse can be:

- physical abuse
- emotional abuse
- sexual abuse; and/or
- neglect.

Staff are referred to Appendix 1 of this policy for further detail of the types of abuse and possible signs of abuse.

3. PROCEDURES FOR DEALING WITH CONCERNS ABOUT A CHILD

If staff suspect or hear an allegation or concern of abuse or neglect from a child or any third party, they must follow the relevant procedure below. All staff should:

- listen carefully
- avoid asking leading questions
- reassure the individual that the allegation/complaint will be taken seriously
- not guarantee absolute confidentiality (as this may ultimately not be in the best interests of the child) and explain to the child that staff will only share the information with those who need to know to help the child. All staff should explain next steps and who the information will be passed to.

All concerns, discussions and decisions (together with reasons) made under these procedures should be recorded in writing. The record should include the date, time and place of the conversation and detail of what was said and done by whom and in whose presence and signed by the person making it. Where a report includes online elements, staff are reminded not to view or forward any illegal images of a child but note what has been reported.

Where there is a safeguarding concern, the School will ensure the student's wishes and feelings are taken into account wherever possible and will work with them (and their families where appropriate) when determining what action to take and what services to provide. This is particularly important in the context of harmful sexual behaviours, such as sexual harassment and violence. The School manages this by [recognising that listening to children/ young people is an important and essential part of safeguarding them against abuse and neglect. We will seek to develop resilience in the children and ensure that they are aware that they can seek help and support.

1. Children will be made aware of the opportunities available to them to seek advice and support within the formal and informal curriculum.

Safe school procedures including Child Protection matters will be discussed by the School Council and through school surveys etc. To gather children's opinions about the support systems in place.

Safeguarding information will often be special category personal data and the School will have due regard to its data protection obligations when sharing such data. Whilst the School aims to get consent to share information, relevant personal information may be shared without consent if there is a lawful basis to do so such as where a child's safety may be at risk. This is because the Data Protection Act 2018 includes 'safeguarding children and individuals at risk' as a condition that allows information to

be shared without consent. Any decision to share or withhold information will be recorded together with the reasons for it and who the information has been given to. The School operates its processes with the best interests of the student at their heart.

3a. What staff should do if they have concerns about a child

If staff (including governors, agency staff and volunteers) have any concerns about a child's welfare they should act immediately and should speak with the School's DSL or DDSL. If, in exceptional circumstances, the DSL or DDSL is not available, this should not delay appropriate action being taken and staff should consider speaking to the ADSL or a member of the senior leadership team and/or take advice from local children's social care. In these circumstances, any action taken should be shared with the DSL and DDSL as soon as is practically possible.

The DSL will consider the appropriate action to take in accordance with the threshold document published by the School's local safeguarding partners. Options will include:

- managing any support for the child internally via the School's own pastoral support processes;
- making an early help assessment; or
- making a referral for statutory services.

If a child's situation does not appear to be improving, the DSL (or the person that made the referral) should consider following local escalation procedures to ensure their concerns have been addressed and to ensure that the child's situation improves.

Staff should not assume a colleague or another professional will take action and share information that might be critical in keeping children safe. Staff should challenge any inaction and follow this up with the DSL and children's social care as appropriate. All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing.

3b. Early Help

Any child may benefit from early help but all staff should be particularly alert to the potential need for early help for a child who:

- Is disabled and has specific additional needs;
- Has special educational needs (whether or not they have a statutory education, health and care plan);
- Is a young carer;
- Is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- Is frequently missing/goes missing from care or from home;

- Is misusing drugs or alcohol themselves;
- Is at risk of modern slavery, trafficking or exploitation;
- Is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- Has returned home to their family from care;
- Is showing early signs of abuse and/or neglect;
- Is at risk of being radicalised or exploited;
- Is a privately fostered child.

Early help means providing support as soon as a problem emerges at any point in a child's life, from the foundation years through to the teenage years.

In the first instance, staff who consider that a student may benefit from early help should discuss this with the School's DSL or DDSL. If early help is appropriate, the DSL will generally lead on liaising with relevant agencies and setting up inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead professional. The DSL will support staff in liaising with external agencies and professionals in an inter-agency assessment, as appropriate. If early help is appropriate, the matter will be kept under constant review and consideration given to a referral to children's social care if the student's situation does not appear to be improving or is getting worse.

3c. What staff should do if a child is suffering, or is likely to suffer from harm

If staff (including governors, agency staff and volunteers) believe that a child is suffering, or is likely to suffer from harm, or is in immediate danger it is important that an immediate referral to children's social care (and/or the Police if appropriate) is made in accordance with East Riding Safeguarding Children Partnership by the DSL. After a telephone contact to the EHASH the DSL will email written 'Confirmation of Referral' as soon as possible – ideally immediately after initial telephone referral and at the latest within 24 hours. This information will be made available to the CST manager at EHASH. Anyone can make a referral. If anyone other than the DSL makes a referral, they should inform the DSL as soon as possible that a referral has been made.

The School's local safeguarding partners are East Riding Safeguarding Children Partnership and the locally agreed safeguarding arrangements can be found at <http://www.erscb.org.uk/>

All staff are made aware and regularly reminded:

- That they are in a Position of Trust and what the implications of that are.
- All staff should ensure that they do not behave in a way that will result in founded or unfounded allegations of inappropriate, abusive or dangerous behaviour

- Of the requirements of the school Code of Conduct and related policies.
- If at any time staff are concerned that an action or comment made may be misinterpreted or that a child behaves or makes a comment in a way that causes concern in this respect, they should log their concerns immediately with the appropriate senior member of staff and seek advice.
- That failure to adhere to the Code of Conduct including carrying out their safeguarding responsibilities may result in disciplinary action against them and in some cases allegations of inappropriate or abusive behaviour and Child Protection investigation.
- That their conduct towards pupils must remain beyond reasonable reproach.
- All staff and volunteers are to be provided with induction training within seven working days of their commencement of work that includes:
 - a) The school's child protection, anti-bullying and behaviour policies
 - b) The staff code of conduct
 - c) The identity of the appropriate DSLs (designated safeguarding leads)
 - d) Part 1 (and Annex A) of Keeping Children Safe in Education (September, 2019) – each update to KCSiE to be read and understood by all staff.
 - e) Whistleblowing procedures
- All staff working with KS4&5 pupils are made fully aware of the law relating to 'Abuse of Trust'
- Assurance is obtained [i.e. in written form and 'logged'] that appropriate child protection checks and procedures apply to any staff employed by another organisation and working with the school's pupils on another site (for example, in a separate institution).

That any sexual 'relationship' consensual or otherwise with pupils up to 18 would constitute a criminal offence. Any such behaviour with pupils 18 or over would be regarded as a serious disciplinary matter.

Where extended school activities are provided and managed by the school, our own Child Protection and Safeguarding policy and procedures will apply.

When pupils attend off – site activities and provision including day, residential, work related learning placements and other alternative provision we will ensure that we obtain the same written assurances.

We will ensure that attendance at alternative or off-site provision for pupils that remain on the school role is monitored in the same way as other pupils.

If vulnerable pupils or pupils that may present a level of risk to them or others are allocated alternative or other off-site provision the school will discuss these issues with the provider to ensure that appropriate safeguarding measures and liaison between settings is effective.

In the same way the DSL will discuss such concerns with Educational Visits Coordinators and visit leaders at the visit planning stage.

The school will follow the appropriate LA and United Learning planning and Risk assessment procedures for all educational visits and activities.

3d. What staff should do if a child is seen as at risk of radicalisation

Staff should follow the School's normal referral processes when there are concerns about children who may be at risk of being drawn into terrorism, as set out above. This may include a referral to Channel or children's social care depending on the level of risk. However, if staff have concerns that there is an immediate/significant risk of a child being drawn into terrorism they must call 999. In line with ERSCP, ERLA and Humberside Police arrangements, advice will be sought by contacting the EHASH which includes Humberside Police Decision makers.

Following an assessment of the levels of risk appropriate levels of training will be given to DSL, other Senior staff and other staff.

The PSHCE / SMSC curriculum will ensure that issues such as tolerance, respect, democracy and individual liberty are covered in age appropriate ways.

Visiting speakers and organisations will be checked to assess the suitability in respect of the above elements of PSHCE / SMSC activities within school. Advice and support can also be sought from children's social care.

The School, in recognition that students may be at risk of being drawn into terrorism or other forms of extremism, carries out appropriate risk assessments (following consultation with local partners, such as the Police) of the potential risk in the local area. Such risk assessments are discussed with the Head, DSL and DDSL to ensure the School's safeguarding arrangements are sufficiently robust to help prevent and protect children from being drawn into terrorism and are regularly revised.

3e. What staff should do if they discover an act of Female Genital Mutilation ('FGM')

All staff should speak to the DSL or DDSL about any concerns about FGM. Teaching staff have a separate duty to report to the Police cases where they discover that an act of FGM appears to have been carried out on a girl under the age of 18. All staff are referred to Appendix 1 of this policy for the procedure to be followed where they suspect or discover that a student may be at risk of FGM.

3f. What staff should do if a child goes missing from education

Children who go missing from education, particularly on repeat occasions, is a potential indicator of a range of safeguarding possibilities. The School's procedures for unauthorised absence and for dealing with children who go missing from education are

- The school will only remove children from the register if the statutory grounds for doing so are met and will inform the LA of the intention to do so. In the case of CME school will make all reasonable efforts to locate the child/ren as required by the guidance.
- The school will inform the LA EWS if any pupil fails to attend without permission for a continuous period of 10 days or more and will refer children whose attendance has fallen below the agreed level to the EWS.
- If a child, who is the subject of a Child Protection Plan or is otherwise open to the CST, does not attend school without a verified valid reason the DSL will contact the assigned social worker or CST duty desk if unavailable.
- If a child not open to CSC that the school has concerns about, does not attend school the school will contact, EHASH, the EWS and / or the police depending on the circumstances.
- If a child absconds from the site the school will make an initial search and contact the parent / carer or other emergency contact. (and Social Worker if open to CSC). If after that search the child is not located the school will contact the police within 20 minutes of the alert. Further detail can also be found at Appendix 1 of this policy.

The School will report to East Riding Education Welfare Service a student who fails to attend school regularly or has been absent from school without the School's permission for a continuous period of 10 school days or more.

3g. What staff should do if they have concerns about another staff member (including volunteers)

If staff have safeguarding concerns, or an allegation is made about another staff member posing a risk of harm to children, then this should be referred to the Head. Where there are concerns/allegations about the Head, this should be referred to the Chair of the LGB, Head of Safeguarding and Head of Independent Schools. In the event of concerns/allegations of abuse being made, staff are referred to the procedures below regarding managing allegations of abuse against staff (including volunteers) and United Learning Guidance on Dealing with Allegations of Abuse against Teachers and Other Staff (available on the United Learning Hub).

3h. What staff should do if they have concerns about safeguarding practices in the school

Where staff have concerns about poor or unsafe practices and potential failures in the School's safeguarding regimes, these should be raised in accordance with the School's whistleblowing procedures below:

1. All staff have access to;
 - a. The School Whistle Blowing policy.
 - b. Statutory Guidance – Allegations of Abuse made against teachers & other Staff (section 4 KCSiE, Sept 2019).
 - c. Contact details of the Chair of Governors and LADO.
2. All staff are made aware of their responsibilities and procedure to follow in the strictest confidence.
3. However, it must be appreciated that in the case of a Whistle Blowing situation, an investigation process may reveal the source of the information and a statement by the referrer may be required.
4. All staff are made aware that if they receive an allegation of inappropriate or abusive behaviour about a colleague, or feel required to make such an allegation, they should pass the information, without delay, to the Headteacher. If in this situation the member of staff feels unable to discuss the issue with the Headteacher s/he should contact, another senior member of staff or the LADO.
5. Any allegations of abusive or inappropriate behaviour against a member of staff should be passed immediately to the Headteacher. If the allegation is against the Headteacher, it must be reported directly (on the same day) to the Head of Independent Schools (Ian Young – contact details on page 7), the chair of the LGB (Paul Grimwood - contact details on page 7), and the LADO (Tony Marsh) by the person receiving the allegation and follow the statutory guidance contained in KCSiE (September 2019) and ER LA detailed procedures. It is unacceptable for any member of staff not to refer such concerns. This contact should be made without the Headteacher being informed.
6. The Headteacher will report to the DBS within one month of leaving any person whose services are no longer used because he or she is considered unsuitable to work with children. Failure to make such a report to the DBS constitutes an offence and the school may be removed from the DfE register of independent schools. It should be noted that “compromise agreements” cannot apply in this connection.
7. The headteacher (or other in 5) will, on the same day, contact the LADO and follow the statutory guidance Keeping Children Safe in Education 2019.
8. All involved will attempt to ensure that any allegation is dealt with fairly, quickly, proportionately and consistently in a way that provides effective protection for the child and at the same time supports the person who is subject to the allegation.

9. If the member of staff feels that the actions taken are inappropriate, ineffective or that the situation of concern is continuing they should raise concerns with the Headteacher (or other in 5) and press for reconsideration or discussion. If the concern persists and they feel the situation is urgent they can refer to Children's Social Care or the LADO.

Employers have a duty of care to their employees. They should act to manage and minimise the stress inherent in the allegations process. Support for the individual is vital to fulfilling this duty. Individuals should be informed of concerns or allegations as soon as possible and given an explanation of the likely course of action, unless there is an objection by the children's social care services or the police. The individual should be advised to contact their trade union representative, if they have one, or a colleague for support. They should also be given access to welfare counselling or medical advice where this is provided by the employer. The case manager should appoint a named representative to keep the person who is the subject of the allegation informed of the progress of the case and consider what other support is appropriate for the individual. Particular care needs to be taken when employees are suspended to ensure that they are kept informed of both the progress of their case and current work-related issues. Social contact with colleagues and friends should not be prevented unless there is evidence to suggest that such contact is likely to be prejudicial to the gathering and presentation of evidence.

10. Allegations of abuse against another pupil must be reported to the DSL (who will inform the Head and the LADO immediately)

a. When there is 'reasonable cause to suspect that a child is suffering, or likely to suffer, significant harm from another pupil, the school should report its concerns to EHASH. Please refer to the School's Anti-bullying Policy.

b. Restorative Practice is used to minimise the risk of peer to peer abuse and allegations are investigated fully and fairly.

c. Peer to peer abuse will not be tolerated or passed off as 'banter'.

d. Appropriate counselling and support will be given to victims, including advice about what to do if the bullying/abuse continues.

e. Note: It would be an expectation that in the event of disclosure about pupil on pupil abuse that all children involved, whether perpetrator or victim, are treated as being "at risk". Please refer to the School's Anti-bullying Policy.

11. In cases of serious harm or where a crime may have been committed the police will be informed from the outset

12. Any such matters will be dealt with in the strictest confidence

13. The school will not undertake their own investigations of allegations without prior consultation with the LADO

14. If an allegation of abuse is made against anyone working with children in a school, all unnecessary delays will be eradicated

15. Historical allegations of abuse will be referred to the police.

Where a teacher has been dismissed (or would have been dismissed had he/she not resigned) and a prohibition order may be appropriate, the school will make a referral to the Teaching Regulation Agency (TRA). The Teaching Regulation Agency started operation on 1 April 2018. NCTL was an executive agency, sponsored by the Department for Education. It existed from 29 March 2013 to 31 March 2018.

Regulation of the teaching profession, including misconduct hearings, will continue to be handled by an executive agency of the Department for Education.

All other NCTL functions have been moved into the Department for Education.

Contact the Teaching Regulation Agency if you need information about regulation of the teaching profession.

Contact the Department for Education if you need to contact NCTL.

The reasons such an order would be considered are 'unacceptable professional conduct', 'conduct that may bring the profession into disrepute' or 'a conviction, at any time, for a relevant offence.

Note: Where a dismissal does not reach the threshold for DBS referral, separate consideration by the school will be given to a TRA referral.

There is a requirement to report to the Disclosure and Barring Service (DBS), within one month of leaving the school any person (whether employed, contracted, a volunteer or pupil) whose services are no longer used because he or she is considered unsuitable to work with children [although this area is under review by the current Government].

Failure to make such a report to the DBS constitutes an offence and the school may be removed from the DfE register of independent schools ('compromise agreements' cannot apply in this connection).

There will be no disciplinary action taken against a member of staff for making such a report provided that it is done in good faith.

If staff and volunteers feel unable to raise an issue with the School, feel that their genuine concerns are not being (or have not been) addressed or are concerned about the way a concern is being handled, they may use other whistleblowing channels, such as the NSPCC whistleblowing helpline. Contact details for the NSPCC helpline can be found on the Key Contacts page at the start of this policy.

4. ARRANGEMENTS FOR DEALING WITH PEER-ON-PEER ALLEGATIONS

Safeguarding issues can manifest themselves via peer-on-peer abuse. Peer-on-peer abuse is any form of physical, sexual, emotional and financial abuse, and coercive control, exercised between children and within children's relationships (both intimate and non-intimate). The School recognises the gendered nature of peer-on-peer abuse (i.e. that it is more likely that girls will be "victims" and boys "perpetrators") and

that it can manifest itself in many ways and can include (but is not limited to) sexting, sexual assault, gender-based issues and harmful sexual behaviours including sexual violence and sexual harassment.

Peer-on-peer abuse can be associated with factors outside the School and can occur online and offline and between children of any age or gender. The School therefore takes a contextual safeguarding approach to managing peer-on-peer abuse.

Peer-on-peer abuse is abuse and is never acceptable. It should never be passed off or dismissed as “banter”, “part of growing up”, “just having a laugh” or “boys being boys”.

The School takes the following steps to minimise the risk of peer-on-peer abuse

- issuing and implementing a pupil Code of Conduct that emphasises the importance of unconditional mutual respect and consideration for all members of the School community
- recognising kind and considerate behaviour
- challenging intimidating, unkind and inconsiderate behaviour wherever we encounter it, however minor it may appear
- strongly discouraging and challenging overtly sexualised behaviour or language; prohibiting pornography in any form
- adopting a zero-tolerance approach to bullying
- limiting opportunities for cyber-bullying/abuse by controlling the use of electronic devices in school
- using Assemblies, House events and PSHCE to celebrate and underline the importance of individuality, diversity and the unconditional value of all humans
- being alert to any behaviour or the development of circumstances which may suggest that bullying / abuse could be more likely to happen (such as: the formation of gangs or assertive cliques; certain pupils appearing to be uncomfortable in the presence of other pupils; overtly sexualised behaviour / use of sexual language) and reporting any concerns to a senior member of staff
- publicising to pupils where to go if they are scared, intimidated or concerned about others' behaviour.

The School's approach to sexting is that it should be treated as a safeguarding concern. The DSL will then:

- hold an initial review meeting with appropriate school staff
- interview the young people involved (if appropriate)
- inform parents at an early stage and involve them in the process unless there is good reason to believe that involving parents would put the young person at risk of harm

- if there is a concern a young person has been harmed or is at risk of harm a referral will be made to children’s social care and/or the police immediately.

Staff are also referred to United Learning E-Safety Policy (available on United Learning Hub).

Where an issue of student behaviour or bullying gives ‘reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm’, staff should follow the procedures below rather than the School’s Anti-Bullying and Behaviour policies:

4a. What to do if staff suspect that a child may be at risk or hears a report of peer-on-peer abuse

The procedures set out below have been developed following consultation with students, staff and parents, and will be reviewed, at least annually, in light of an assessment of the impact and effectiveness of the policy.

In the event of disclosures about peer-on-peer abuse, all children involved will be treated as being at risk and the safeguarding procedures in accordance with this policy will be followed (see ‘Procedures for dealing with concerns about a child’). This means that if a member of staff thinks for whatever reason that a child may be at risk of or experiencing abuse by their peer(s), or that a child may be at risk of abusing or may be abusing their peer(s), they should discuss their concern with the DSL without delay so that a course of action can be agreed.

The School recognises that a child is likely to disclose an allegation to someone they trust: this could be any member of staff. By making such a disclosure the pupil is likely to feel that the member of staff is in a position of trust.

All concerns/allegations of peer-on-peer abuse will be handled sensitively, appropriately and promptly and will be investigated including consideration of the wider context in which it may have occurred (as appropriate). The School treats all children involved as being at potential risk and ensures a safeguarding response is in place for both the child who has allegedly experienced the abuse, and the child who has allegedly been responsible for it. Immediate consideration will therefore be given as to how best to support and protect all children involved/impacted.

The School will take into account the views of the child/children affected. Unless it is considered unsafe to do so, the DSL should discuss the proposed action with the child/children and their parents following appropriate liaison with children’s social care. The School should manage the child/children's expectations about information sharing, and keep them and their parents informed of developments, where appropriate and safe to do so.

All children affected by peer-on-peer abuse will be supported by the DSL or the DDSL and support from external agencies will be sought, as appropriate. “Victims”

will be reassured that they are being taken seriously and that they will be supported and kept safe. The School recognises that children with special educational needs and disabilities can be more prone to peer on peer group isolation than other children and will consider extra pastoral support for those children from the SENCO.

A student against whom an allegation of abuse has been made may be suspended from the School during the investigation. The School will take advice from the relevant local safeguarding partners on the investigation of such allegations and will take all appropriate action to ensure the safety and welfare of all students involved including the alleged “victim” and “perpetrator”. If it is necessary for a student to be interviewed by the Police in relation to allegations of abuse, the School will ensure that, subject to the advice of the relevant local safeguarding partners, parents are informed as soon as possible and that the students involved are supported during the interview by an appropriate adult and until the investigation is completed. Confidentiality will be an important consideration for the School and advice will be sought as necessary from the relevant local safeguarding partners such as children’s social care and/ or the Police as appropriate.

4b. Reports concerning harmful sexual behaviour

Where a report concerns an allegation of sexual violence and/or sexual harassment, if possible two members of staff should be present when managing a report (preferably one of them being the DSL or DDSL). The DSL or DDSL should be informed as soon as practically possible if they were not involved in the initial report.

Consideration of safeguarding all those children involved in the safeguarding report will be immediate. Following a report of sexual violence and/or sexual harassment the DSL will therefore consider the appropriate response. This will include:

- The wishes of the victim,
- The nature of the alleged incident,
- The ages of the children involved,
- The developmental stages of the children involved,
- Any power imbalance between the children,
- If the alleged incident is a one-off or sustained pattern,
- Any ongoing risks,
- Other related issues and context.

Any response and action will, as always, have at the centre the best interests of the child. The DSL will reassure any victim that they are being taken seriously and that they will be supported and kept safe. The victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment; nor would a victim ever be made to feel ashamed for making a report.

When there has been a report of sexual violence, the DSL or DDSL should make an immediate risk and needs assessment in respect of each child affected by the abuse.

Where there has been a report of sexual harassment, the need for a risk assessment should be considered on a case-by-case basis. The risk and needs assessment should consider:

- the “victim”;
- the alleged “perpetrator”; and
- the other children (and, if appropriate, staff) at the School.

The DSL will consider as part of the School’s response, the context within which such incidents and/or behaviours occur and the importance of anonymity. Risk assessments will be recorded (either written or electronic) and kept under review. The DSL will consider the risks posed to all students and put adequate measures in place to protect them and keep them safe. This may include consideration of the proximity of the “victim” and alleged “perpetrator” and considerations regarding shared classes, sharing school premises and school transport. Any professional risk assessment will inform the School’s approach.

The police may be informed of any harmful sexual behaviours including sexual violence and sexual harassment which are potentially criminal in nature, such as grabbing bottoms, breasts and genitalia. Rape, assault by penetration and sexual assaults will be passed to the police. A report to the police will generally be made in parallel with a referral to children’s social care.

If the DSL decides to make a referral to children’s social care and/or a report to the police against a “victim’s” wishes, the reasons should be explained to the student and appropriate specialist support offered. The DSL or DDSL will also work closely with children’s social care and other agencies are required to ensure any action taken under this policy does not jeopardise any statutory investigation and to discuss how the alleged “perpetrator”, staff, parents and others will be informed of the allegations and what information can be disclosed bearing in mind the need to protect those involved and their anonymity.

Regardless of the outcome of any criminal process, including where a child is subject to bail, the DSL will liaise with the police and children’s social care to ensure the welfare and safety of all children and update the risk assessment and ensure relevant protections and measures are in place for all children.

The School will consider whether disciplinary action may be appropriate for any child/children involved. Before deciding on appropriate action the School will always consider its duty to safeguard all children from harm; the underlying reasons for a child’s behaviour; any unmet needs, or harm or abuse suffered by the child; the risk that the child may pose to other children; and the severity of the peer-on-peer abuse and the causes of it. Exclusion will only be considered as a last resort and only where necessary to ensure the safety and wellbeing of the other children in the School.

The DSL will ensure that where children move to another educational institution following an incident of peer-on-peer abuse, the new institution is made aware of any ongoing support needs and, where appropriate, any potential risks to other children and staff.

5. ARRANGEMENTS FOR DEALING WITH CONCERNS/ALLEGATIONS OF ABUSE AGAINST TEACHERS AND OTHER STAFF (INCLUDING THE HEAD, GOVERNORS AND VOLUNTEERS)

The School's procedures for managing concerns/ allegations against staff who are currently working in the School follows Department for Education statutory guidance and local safeguarding partners arrangements and applies when staff (including volunteers) have (or are alleged to have):

- Behaved in a way that has harmed a student, or may have harmed a student;
- Possibly committed a criminal offence against or related to a student; or
- Behaved towards a student in a way that indicated that they may pose a risk of harm if they were to work regularly or closely with children.

Allegations against a teacher who is no longer teaching should be referred to the Police. Historical (non-recent) allegations of abuse should be referred to the Police and also the LADO.

If an allegation is made against anyone working with children in the School, the School should not undertake their own investigation of allegations without prior consultation with the Local Authority 'designated officer' or, in the most serious cases, the Police, so as not to jeopardise statutory investigations. In borderline cases, the School may discuss informally with the 'designated officer' on a no-names basis.

All allegations should be investigated as a priority to avoid any delay.

1. All allegations which appear to meet the above reporting criteria are to be reported straight away to the 'case manager' who is the Head. Where the Head is absent or is the subject of the allegation or concern, reports should be made to the Chair of the LGB, Head of Safeguarding and Head of Independent Schools. Where the Head is the subject of the allegation or concern, the Head must not be informed of the allegation prior to contact with the Chair of the LGB, Head of Safeguarding and Head of Independent Schools and designated officer.

2. The case manager should immediately discuss the allegation with the designated officer and consider the nature, content and context of the allegation and agree a course of action including any involvement of the Police. (Where the case manager deems there to be an immediate risk to children or there is evidence of a possible criminal offence, the case manager may involve the Police immediately.) All discussions should be recorded in writing, and any communication with both the

individual and the parents of the child(ren) agreed. The designated officer should be informed within one working day of all allegations that come to the School's attention and appear to meet the criteria or that are made directly to the Police and/or children's social care.

3. The case manager will ensure that the individual who is subject of the allegation is informed as soon as possible and given an explanation of the likely course or action, unless there is an objection by children's social care or the Police. The case manager will appoint a named representative to keep the individual informed of the progress of the case and will consider what other support is appropriate for the individual.

4. The case manager should give careful consideration as to whether the circumstances of the case warrant suspension or whether alternative arrangements should be put in place until the allegation is resolved. The case manager will give due weight to the views of the designated officer and KCSIE when making a decision about suspension. Where the individual is suspended, the case manager will ensure they know who their point of contact is in the School and shall provide them with their contact details.

5. The case manager will ensure that parents are informed as soon as possible and kept informed about progress of the case, subject to any advice from children's social care or the Police.

6. The case manager will discuss with the designated officer whether a referral to the Disclosure and Barring Service or Teaching Regulation Agency should be made where an allegation is substantiated and the person is dismissed or the School ceases to use their services, or the person resigns or otherwise ceases to provide their services. The School has a legal obligation to report promptly to the Disclosure and Barring Service any person (whether employed, contracted, a volunteer or a student) who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left. Further, or in the alternative, if an investigation leads to the dismissal or resignation prior to dismissal of a member of teaching staff specifically, the School must consider making a referral to the Teaching Regulation Agency and a prohibition order may be appropriate (because that teacher has displayed unacceptable professional conduct, conduct that may bring the profession into disrepute or a conviction at any time for a relevant offence).

7. On conclusion of the case, the case manager should review the circumstances of the case with the designated officer to determine whether there are any improvements to be made to the School's safeguarding procedures or practices to help prevent similar events in the future.

The School will make every reasonable effort to maintain confidentiality and guard against unwanted publicity whilst an allegation is being investigated or considered.

Allegations found to be malicious will be removed from the individual's personnel records. In all other circumstances a written record will be made of the decision and retained on the individual's personnel file in accordance with KCSIE and a copy will only be provided to the individual concerned.

Allegations proven to be false, unsubstantiated, unfounded or malicious will not be included in employer references. If an allegation is shown to be deliberately invented or malicious, the Head will consider whether any disciplinary action is appropriate against a student who made it; or whether the Police should be asked to consider if action might be appropriate against the person responsible even if they are not a student.

6. STAFF BEHAVIOUR POLICY / CODE OF CONDUCT

The School's code of conduct policy can be found C:\Hull Collegiate School\Whole School - General\School Policies\Other Whole School Policies

The aim of the code of conduct policy is to provide clear guidance about behaviour and actions so as to not place students or staff at risk of harm or of allegation of harm to a student.

7. SAFER RECRUITMENT

The School is committed to safer recruitment processes and ongoing safer working practices. Members of the teaching and non-teaching staff at the School including part-time staff, temporary and supply staff, and visiting staff, such as musicians and sports coaches are subject to the necessary statutory child protection checks before starting work, for example, right to work checks, additional overseas checks (if necessary), verifying identity, taking up references, checking work history and confirming medical fitness for the role.

For most appointments, an enhanced DBS check with 'barred list' information will be appropriate. Under no circumstances will an individual commence work unsupervised in sole charge of, or in unaccompanied contact with, children without a cleared DBS check. In this case, the individual will have a separate Barred List check and the School will undertake a written Risk Assessment exercise in relation to the proposed work. All other safeguarding checks will be completed and the individual will be appropriately supervised. Please refer to Section C and Appendix 5 of the 'Safeguarding Children – HR Procedural Guidance' available on the United Learning Hub for further guidance.

Full details of the School's safer recruitment procedures for checking the suitability of staff, members of the School LGB and Trustees of UCST and volunteers to work with children and young people is set out in

- United Learning / the School's Recruitment and Selection Policy;
- United Learning's Safeguarding Children – HR Procedural Guidance;
- United Learning's LGB Handbook; and
- United Learning's guidance: Trustees - Recruitment, Appointment, and Removal Process

These documents are available on the United Learning Hub.

The School's protocols for ensuring that any visiting speakers, whether invited by staff or students themselves, are suitable and appropriate supervised is set out below.

Visitors to the school including contractors and volunteers are asked to sign in and are given a badge to confirm that they have permission to be on site.

Visitors, contractors and volunteers engaged in regulated activity must be subject to enhanced DBS checks. If not engaged in regulated activity the school must ensure that appropriate supervision is in place.

School Admin will always check the identity of contractors and their staff on arrival at the school by inspecting photo ID.

If other organisations provide services or activities on our site on our behalf including Agency Supply staff we will obtain written assurances that these organisations have appropriate safeguarding, safer recruitment and DBS / vetting procedures in place.

The school will follow KCSiE statutory Guidance advice in such cases.

If Supply Staff are engaged directly by the school the appropriate checks must be carried out by the school.

The Single Central Record is maintained to ensure that all appropriate staff, volunteers, Governors agency and contracted staff in Regulated Activity are entered on it.

Any organisations or individuals booking the school site or parts of it will be checked as far as possible for suitability including possible extremist activities and recruitment.

8. MANAGEMENT OF SAFEGUARDING

The School's DSL is Chris Wainman who is a member of the senior leadership team. Katherine Bloomfield is the DDSL and the person to whom reports should be made in the absence of the DSL. This ensures there is the required cover for the role at all times.

The DSL or DDSL's contact details can be found on the Key Contacts page at the start of this policy.

The DSL's role is to take lead responsibility for safeguarding and child protection matters in the School. The DSL's responsibility is to maintain an overview of safeguarding within the School, to open channels of communication with local statutory agencies, to liaise closely with Safeguarding partners (such as children's social care and the police), support staff in carrying out their Safeguarding duties and to monitor the effectiveness of the School's policies and procedures in practice. The DSL or DDSL are most likely to have a complete safeguarding picture and be the most appropriate person to advise on a response to a safeguarding concern.

The DSL works with the LGB to review and update the School's safeguarding policy. Where a student leaves the School, the DSL will also ensure their child protection file is transferred to the new school (separately from the main student file) as soon as possible. The DSL will ensure secure transit and obtain confirmation of receipt. The DSL will also consider if it would be appropriate to share any information with the new school in advance of a child leaving. For example, information that would allow the new school to continue supporting victims of abuse and have that support in place for when the child arrives. The School will ensure that key staff, such as the SENCO, are also aware of these arrangements, as required.

The DSL will inform the safeguarding partners of any incident which they think should be considered for a child safeguarding practice review.

The DSL regularly reviews the School's and their own practices and concerns about welfare and safeguarding matters. This includes the personal and professional duty of all staff to report welfare and safeguarding concerns to the DSL, or in their absence, to a member of the senior management team or directly to local children's services.

The DSL or Deputy DSL will always be available to discuss safeguarding concerns. During term time, the DSL or DDSL will always be available (during school hours) for staff in the School to discuss any safeguarding concerns. For out of hours/out of term activities, the School's arrangements are as follows and in order:

1. Contact Chris Wainman on the following number: 01482 657016. This should be followed with an e-mail to chris.wainman@hullcollegiateschool.co.uk
2. In an emergency and if unable to get hold of Chris Wainman telephone EHASH on 01482 395500 or the OUT OF HOURS EMERGENCY DUTY TEAM on 01377 241273 or the Police on 999.

Full details of the DSL's role can be found at Annex B of KCSIE.

Ultimate lead responsibility for safeguarding and child protection remains with the DSL and this responsibility should not be delegated.

9. TRAINING

Induction and training (including online safety) are in line with advice from local safeguarding partners.

9a. All Staff

All new staff will be provided with induction training that includes:

- the child protection policy, including information about the identity and role of the DSL and DDSL
- the behaviour policy
- the safeguarding response to children who go missing from education
- the staff code of conduct policy including the School's whistleblowing procedure and the acceptable use of technologies policy, staff/student relationships and communications including the use of social media
- a copy of Part 1 of KCSIE
- School leaders and staff who work directly with children will also be required to read Annex A of KCSIE.

When new staff or volunteers start at the school, they are briefed on the school CP and Safe Working procedures and given time to read and discuss the following:

- Keeping children safe in education part 1 and Annex A (September, 2019 - DfE).
- Hull Collegiate School's Behaviour, Anti-Bullying, Whistleblowing, Staff Code of Conduct and Child Protection policies found in S:\Whole School\School Policies and also on the school website
- United Learning's Staff-Pupil Relationships Letter and Guidance together with the acceptable use of ICT and online safety
- 'What to Do if You Are Worried A Child is being Abused' (March 2015)
- Prevent training via <https://www.elearning.prevent.homeoffice.gov.uk/edu/screen1.html>
- The roles and responsibilities of the DSL and the DDSL
- CME guidance

All staff must confirm that they have read and understood the above.

Other short term or visiting staff and volunteers are made aware of the CP reporting procedures within the school and the School Code of Conduct. Copies of the above documents are provided to all 'staff' during induction. On appointment and as part of *Child Protection (Safeguarding)*

United Learning Annual Declaration, all staff will receive and sign the up to date versions of the Staff Student Relationship Letter and Acceptable Use Declaration. The staff code of conduct can be found in the Staff Handbook, a copy of which is available on the School intranet.

All staff are also required to:

- Read Part One of KCSIE and confirm that they have done so. Each time Part One of KCSIE is updated by the Department for Education, staff will be updated on the changes via e-mail.
- Understand key information contained in Part One of KCSIE. The School will ensure staff understanding by completing a short survey.
- Receive training in safeguarding and child protection regularly, in line with advice from the local safeguarding partners. Training will include online safety and harmful sexual behaviours including sexual violence and sexual harassment between children. It will also include Prevent awareness training to equip staff to raise concerns appropriately by ensuring all staff have the knowledge and confidence to identify children at risk of being drawn into terrorism; are able to challenge extremist ideas; and know how to refer children and young people for further help. All staff will also be made aware of the local early help process and understand their role in it.
- Undertake regular informal updates, at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. The School provides these via, emails, e-bulletins and staff meetings.

9b. DSL(s)

The DSL receives updated child protection training at least every two years to provide them with the knowledge and skills required to carry out the role. This includes local inter-agency working protocols, participation in child protection case conferences, supporting children in need, identifying children at risk of radicalisation, supporting SEND children particularly when online, overseeing online safety in school, record keeping and promoting a culture of listening to children, training in the local safeguarding partners approach to Prevent duties and harmful sexual behaviours. Further details of the required training content for the DSL are set out in Annex B of KCSIE.

In addition to their formal training, the DSL's knowledge and skills are updated at least annually to keep up with any developments relevant to their role.

The DDSL is trained to the same level as the DSL.

10. OVERSIGHT OF SAFEGUARDING, INCLUDING ARRANGEMENTS FOR REVIEWING POLICIES AND PROCEDURES

Sarah Squire is the board-level lead designated to take a lead in relation to responsibility for the Trust's safeguarding arrangements. Steve Wilcox is the LGB

lead designated to take a lead in relation to responsibility for the safeguarding arrangements in the School. They are a member of the School's LGB and/or a member of UCST.

A review of the School's child protection policies takes place at least annually, including an update and review of the effectiveness of procedures and their implementation. This is done by the DSL and DDSL in collaboration with the LGB. The Local Safeguarding Partners' Safeguarding Audit tool is also completed. The School draws on the expertise of staff, including the DSL(s), in shaping the School's safeguarding arrangements and policies.

If there has been a substantiated allegation against a member of staff, the School will work with the Local Authority designated officer to determine whether there are any improvements to be made to the School's procedures or practice to help prevent similar events in the future.

11. THE SCHOOL'S ARRANGEMENTS TO FULFIL OTHER SAFEGUARDING RESPONSIBILITIES

11a. Teaching children how to keep safe

The LGB ensures that all students are taught about safeguarding, including online, through the curriculum, Relationships and Sex Education and PSHE to help children to adjust their behaviours in order to reduce risks and build resilience, including to radicalisation. This includes teaching students about the safe use of electronic equipment and the internet and the risks posed by adults or young people, who use the internet and social media to bully, groom, abuse or radicalise other people, especially children, young people and vulnerable adults. It will also include teaching students, for example about healthy relationships, consent and that sexual violence and sexual harassment is always wrong.

The School recognises the additional risks that children with SEND face online and works with the Head of IT to ensure that additional support and measures are in place to support these children. Online safety is an integral part of the School's ICT curriculum for all pupils and is taught in an age appropriate way relevant to pupils' lives. It is also embedded in PSHE and Relationships and Sex Education. Pupils will be taught what positive, healthy and respectful online relationships look like; the effects of their online actions on others; how to recognise and display respectful behaviour online; how to use technology safely, responsibly and securely; and where to go for help and support when they have concerns.

The School has appropriate filters and monitoring systems in place to safeguard children from potentially harmful and inappropriate material online. Such systems aim to reduce the risk of children being exposed to illegal, inappropriate and harmful materials online; reduce the risk of children being subjected to harmful online interaction with others; and help manage online behaviour that can increase a child's

likelihood of, or causes, harm. Further detail of the School's approach to online safety can be found in United Learning E-Safety Policy (available on the United Learning Hub) and in the School's E-Safety Policy which also includes detail on the use of mobile technology in school (and accessing 3G and 4G technology on school premises) and the School's IT arrangements to ensure that children are safe from terrorist and extremist material when accessing the internet through the School's systems. The safety and monitoring system used is FortiGate.

11b. Looked after children (and previously looked after children)

Looked after children (and previously looked after children) are a particularly vulnerable group. The School will ensure that prompt action is taken when necessary to safeguard these children and the LGB ensures that staff have the skills, knowledge and understanding necessary to keep safe any children on roll who are looked after (and previously looked after) by a local authority.

Katherine Bloomfield is the designated member of teaching staff who has responsibility for their welfare and progress and to ensure that the needs are met. The School ensures that the designated member of staff receives appropriate training in order to carry out their role and has the information they need in relation to any child's looked after status, their care arrangements (including contact arrangements with birth parents and those with parental responsibility) and details of the child's social worker and virtual school head.

The designated member of staff will also have responsibility for promoting the educational achievement of children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care and will work closely with virtual school heads to promote their educational achievement. The DSL will ensure they have details of the local authority Personal Advisor appointed to guide and support any care leavers and will liaise with them as necessary regarding any issues of concern affecting them.

11c. Use of 'reasonable force'

The School recognises the additional vulnerability when using reasonable force in response to risks presented by incidents involving children with SEND or with medical conditions. The School will consider its duties under the Equality Act 2010. Positive and proactive behaviour support, for instance through drawing up individual behaviour plans for more vulnerable children, and agreeing them with parents and carers can reduce the occurrence of challenging behaviour and the need to use reasonable force.

The School has a use of reasonable force policy which can be found below

1. Staff will ensure that the school policy on 'Use of Force' is followed.

2. All incidents requiring such action will be logged with the headteacher or appropriate senior manager, and parents informed on the same day.
3. Incident Reports by all staff involved will be completed as soon as possible after the incident on the same day, unless in exceptional circumstances.
4. Staff must only use physical intervention as a last resort to protect the safety of children or adults after appropriate de-escalation strategies have been used or in the event of serious situations where this is not possible.
5. Restorative methods will be considered after each incident and the pupil's views on the incident sought.
6. Support will be offered to staff involved and incidents will be reviewed by senior staff not involved directly.

11d. Arrangements for Visiting Speakers

The School has clear protocols for ensuring that any visiting speakers are appropriately supervised and suitable. The School's responsibility to students is to ensure that they can critically assess the information they receive as to its value to themselves, and that the information is aligned to the ethos and values of the School and British values.

The School is required to undertake a risk assessment before agreeing to a Visiting Speaker being allowed to attend the School. This will take into account any vetting requirements considered appropriate in the circumstances, and may include a DBS check if relevant.

Visiting speakers will be expected to understand that, where appropriate, their session should actively promote the British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs and at no point undermine these. In some cases, the School may request a copy of the Visiting Speaker's presentation and/or footage in advance of the session being provided.

Visiting Speakers, whilst on the School site, will be supervised by a school employee. On attending the School, Visiting Speakers will be required to show original current identification documents including a photograph such as a passport or photo card driving licence. The School shall also keep a formal register of visiting speakers retained in line with its Data Protection Policy.

Any organisations or individuals booking the school site or parts of it will be checked as far as possible for suitability including possible extremist activities and recruitment.

12. EARLY YEARS PROVISION SAFEGUARDING ARRANGEMENTS

12a. Disqualification from working in childcare

Where staff work in, or are involved in the management of, the School's early years or provision of care of students under the age of eight, the School will take steps to check whether those staff are disqualified under the Childcare Act 2006. This forms part of the School's safer recruitment practices, further details of which can be found in the School's Recruitment and Selection Policy.

The School records all checks of staff employed to work in or manage relevant childcare on the Single Central Register. This includes the date disqualification checks were completed.

Where a member of staff is found to be disqualified or if there is doubt over that issue then, pending resolution, the School will remove them from the work from which they are or may be disqualified. Suspension or dismissal will not be an automatic response; the School will consider if there is scope in principle to redeploy them with other age groups or in other work from which they are not disqualified, subject to assessing the risks and taking advice from the designated officer when appropriate.

12b. Use of mobile phones and cameras

The School's policy on the use of mobile phones and cameras in the setting can be found in the School's Acceptable Use Policy. C:\Hull Collegiate School\Whole School - General\School Policies\Other Whole School Policies

All EYFS staff are also referred to United Learning E-Safety Policy (available on the United Learning Hub).

12c. DSL for the EYFS

The practitioner designated to take lead responsibility for safeguarding children in the early years settings is Katherine Bloomfield.

12d. Waiver from Disqualification

Staff who are disqualified may apply to Ofsted for a waiver of disqualification, unless they are barred from working with children.

12e. Duty to notify Ofsted

The School will inform Ofsted of any significant event which is likely to affect the suitability of any person who is in regular contact with children on the premises

where childcare is provided. For example, where the School is satisfied that a person working in a relevant setting falls within one of the disqualification criteria. Any significant event must be notified to Ofsted as soon as reasonably practicable, but at the latest within 14 days of the date the School became aware (or ought reasonably to have become aware) of it.

The School will notify Ofsted within 14 days of any allegations of serious harm or abuse by any person living, working or looking after children at the premises (whether the allegations relate to harm or abuse committed on the premises or elsewhere).

13 POLICY REVIEW

Policy reviewed by Mr Paul Grimwood, Chair of LGB:

Child Protection (Safeguarding) Policy Changes Sept 2019	
Reviewed by:	Mr C M Wainman Assistant Headteacher DSL
Date of last review:	March 2020
Approved by:	Mr Paul Grimwood Chair of LGB
Date of approval:	
Reason for changes:	Review due to changes since the COVID-19 temporary school closure in March/April 2020.
Next scheduled date for review:	September 2020 or as events or legislation change requires.

This policy applies to all members of our school community including those in our Early Years setting.

APPENDIX 1 –SIGNS AND TYPES OF ABUSE

All school staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. They can occur from within or outside families, in or out of school, from within peer groups or the wider community and/or online. In most cases, multiple issues will overlap with one another and children can therefore be vulnerable to multiple threats.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone. Staff are referred to DfE guidance Sexual Violence and Sexual Harassment for further information.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate

food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Specific safeguarding issues: behaviours linked to drug taking, alcohol abuse, truanting and sexting put children in danger. Safeguarding issues can also manifest themselves via peer-on-peer abuse, such as bullying (including cyberbullying), gender-based violence/sexual assaults and sexting. Safeguarding issues can also be linked to, for example, children missing education; child sexual exploitation; domestic violence; fabricated or induced illness; faith abuse; female genital mutilation; forced marriage; gangs and youth violence; gender-based violence / violence against women and girls; hate; mental health; preventing radicalisation; relationship abuse; sexting; and trafficking.

Child Sexual Exploitation (CSE): CSE is a form of sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. CSE does not always involve physical contact: it can also occur through the use of technology. CSE can affect any child or young person (male or female) under the age of 18 years, including 16 and 17 year olds who can legally consent to have sex; can still be abuse even if the sexual activity appears consensual; can include both contact (penetrative and non-penetrative acts) and non-contact sexual activity; can take place in person or via technology, or a combination of both; can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence; may occur without the child or young person's immediate knowledge (e.g. through others copying videos or images they have created and posted on social media); can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse; and is typified by some form of power imbalance in favour of those perpetrating the abuse. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources. Some of the following signs may be indicators of sexual exploitation:

- Children who appear with unexplained gifts or new possessions;
- Children who associate with other young people involved in exploitation;
- Children who have older boyfriends or girlfriends;
- Children who suffer from sexually transmitted infections or become pregnant;
- Children who suffer from changes in emotional well-being;
- Children who misuse drugs and alcohol;

- Children who go missing for periods of time or regularly come home late; and
- Children who regularly miss school or education or do not take part in education.

CSE is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of drugs trafficking. The DSL or DDSL will consider a referral to the National Referral Mechanism as soon as possible if there are county line concerns, such as a child being a potential victim of modern slavery or human trafficking.

So Called ‘Honour Based’ Violence: encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage, and practices such as breast ironing. It can include multiple perpetrators.

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. Guidance on the warning signs that FGM may be about to take place, or may have already taken place, can also be found on pages 38-41 of the Multi-agency statutory guidance on FGM.

If staff have a concern that a student may be at risk of HBV or has suffered HBV, they should speak to the DSL (or DDSL). As appropriate they will activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with Police and Children’s Social Care.

There is a statutory duty on teachers to personally report to the Police where they **discover** (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Unless the teacher has a good reason not to, they should still consider and discuss any such case with the DSL and involve children’s social care as appropriate. If the teacher is unsure whether this reporting duty applies, they should discuss their concerns with the DSL in accordance with this policy. Where a teacher suspects that a student is at risk (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or it involves a student over 18, teachers should follow the School’s local safeguarding procedures.

Forced Marriage: Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture as a way to

coerce a person into marriage. Schools and colleges can play an important role in safeguarding children from forced marriage. There are a range of potential indicators that a child may be at risk of forced marriage, details of which can be found on pages 13-14 of the Multi-agency guidelines: Handling cases of forced marriage. School staff can also contact the Forced Marriage Unit if they need advice or information: Contact: 020 7008 0151 or email fm@fco.gov.uk.

Radicalisation: Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups. Extremism is vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. It can also call for the death of members of the armed forces.

Special Educational Needs and/or Disabilities: Students with SEND may not outwardly shown signs of abuse and/or may have difficulties in communication about abuse or neglect. Students with SEND are more likely to be abused by their peers. These can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- being more prone to peer group isolation than other children
- the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.

To address these additional challenges, the School has put in place the following pastoral support measures.

1. Staff in contact with such children will be made appropriately aware of the child's needs and circumstances in order to maximise the effectiveness of support.
2. Staff are reminded that Children with SEN, disabilities, communication or behaviour problems are at greater risk of abuse, neglect and bullying than other children. They may not be identified as being at risk of harm as indicators of possible abuse such as behaviour, mood, and injury may be assumed to be related to disability or SEN rather than possible abuse, neglect or bullying and communication of abuse may be difficult. Staff specifically supporting such children and other staff will be alert to these factors.
3. The Designated Teacher supporting Looked After Children will liaise with the DSL and staff involved with Looked After Children to support the child and ensure that the needs identified in the child's Personal Education Plan are supported by staff involved with the child.

4. Safeguarding implications will be considered when individual support plans are reviewed in the case of children who require, for example, medication, some form of intimate care, and help with changing or physical support or physical intervention.

5. If a child, who is the subject of a Child Protection Plan, or is otherwise open to the CST, does not attend school without a verified valid reason, the DSL will contact the assigned social worker or CST duty desk if unavailable.

6. If a child not open to CSC that the school has concerns about, does not attend school the school will contact: EHASH, the EWS and / or the police depending on the circumstances.

Staff will support such students in expressing any concerns they may have and will be particularly vigilant to any signs or indicators of abuse, discussing this with the DSL as appropriate. Any reports of abuse involving children with SEND will entail close liaison with the DSL or DDSL and named person with oversight for SEN.

Lesbian, Gay, Bi or Trans (LGBT): Children who are LGBT can be targeted by their peers. In some cases, a student who is perceived by their peers to be LGBT (whether they are or not) can be just as vulnerable as children who identify as LGBT.

Children and the court system: Children are sometime required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed, and this will be stressful for them. Making child arrangements following separation can also be stressful and entrench conflict in families. Staff should be alert to the needs of such students and report any concerns to the DSL or DDSL in accordance with this policy.

Children who go missing from education or school: A child going missing is a potential indicator of a range of safeguarding possibilities, such as abuse or neglect. The School holds more than one emergency contact number for each student so additional options are available to make contact with a responsible adult when a child goes missing is also identified as a welfare and/or safety concern.

Staff must follow the School's procedures for dealing with children who go missing, particularly on repeat occasions. The School's procedure for dealing with children who go missing can be found below

- The school will only remove children from the register if the statutory grounds for doing so are met and will inform the LA of the intention to do so. In the case of CME school will make all reasonable efforts to locate the child/ren as required by the guidance.
- The school will inform the LA EWS if any pupil fails to attend without permission for a continuous period of 10 days or more and will refer children whose attendance has fallen below the agreed level to the EWS.

- If a child, who is the subject of a Child Protection Plan or is otherwise open to the CST, does not attend school without a verified valid reason the DSL will contact the assigned social worker or CST duty desk if unavailable.
- If a child not open to CSC that the school has concerns about, does not attend school the school will contact, EHASH, the EWS and / or the police depending on the circumstances.
- If a child absconds from the site the school will make an initial search and contact the parent / carer or other emergency contact. (and Social Worker if open to CSC). If after that search the child is not located the school will contact the police within 20 minutes of the alert.

All unexplained or unauthorised absences will be followed up in accordance with this.

The School shall inform the local authority of any student who is going to be added to or deleted from the School's admission register at non-standard transition points in accordance with the requirements of the Education (Pupil Registration) (England) Regulations 2006 (as amended). This will assist the local authority to:

- a) fulfil its duty to identify children of compulsory school age who are missing from education; and
- b) follow up with any child who might be in danger of not receiving an education and who might be at risk of abuse, neglect or radicalisation.

School attendance registers are carefully monitored to identify any trends. The School will inform the local authority of any student who fails to attend school regularly or has been absent without the School's permission for a continuous period of 10 school days or more, at such intervals as are agreed between the School and the local authority.

Action should be taken in accordance with this policy if any absence of a student from the School gives rise to a concern about their welfare.

Children with family members in prison: Children who have a parent in prison are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. Staff should be alert to the needs of such students and report any concerns to the DSL or DDSL in accordance with this policy.

Domestic Abuse: domestic violence and abuse is any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to psychological; physical; sexual; financial; and emotional abuse.

Homelessness: Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. The DSL or DDSL will raise/progress any concerns about homelessness with the Local Housing Authority although this does not replace a referral into children's social care where a child has been harmed or is at risk of harm.

Peer on peer abuse: peer on peer abuse can take many forms and can include (but is not limited to) bullying (including cyberbullying); sexual violence and sexual harassment; physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; up skirting (which is a criminal offence and typically involves taking a picture under a person's clothing without the knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation distress or alarm); sexting and initiating/hazing type violence and rituals. Students with SEND and LGBT children are more at risk of peer-on-peer abuse.

Signs that a child may be suffering from peer-on-peer abuse can also overlap with those indicating other types of abuse and can include:

- failing to attend school, disengaging from classes or struggling to carry out school related tasks to
- the standard ordinarily expected;
- physical injuries;
- experiencing difficulties with mental health and/or emotional wellbeing;
- becoming withdrawn and/or shy; experiencing headaches, stomach aches, anxiety and/or panic
- attacks; suffering from nightmares or lack of sleep or sleeping too much;
- broader changes in behaviour including alcohol or substance misuse;
- changes in appearance and/or starting to act in a way that is not appropriate for the child's age;
- abusive behaviour towards others.

Sexual violence and sexual harassment, as a type of peer on peer abuse, may overlap and can occur online and offline (both physical and verbal). Sexual violence are sexual offences of rape, assault by penetration and sexual assault. Sexual harassment is unwanted conduct of a sexual nature and is likely to violate a child's dignity and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment. Examples of sexual harassment include sexual comments sexual "jokes" or taunting; physical behaviour such as deliberately brushing against someone; non-consensual sharing of sexual images and sexualised online bullying.

Serious Violence: Indicators that a child may be at risk from, or involved with, serious violent crime includes increased absence from school; change in friendship

or relationship with older individuals or groups; a significant decline in performance; signs of self-harm; significant change in wellbeing; or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.

If staff have a concern about a child or a child make a report to the, staff should follow the referral process in this policy. If staff are in any doubt about what to do, they should speak to the DSL or DDSL.

APPENDIX 2 – Meet the Safeguarding Team

The Designated Safeguarding Lead (DSL) is:

CHRIS WAINMAN located in F5 and S7

The Deputy Designated Safeguarding Lead (DDSL) is:

KATHERINE BLOOMFIELD located in
F5 and F41

The Assistant Designated Safeguarding (ADSL) Lead is:

JAMES WINDEATT located in SIXTH
FORM and PE

APPENDIX 4 – STAFF/STUDENT RELATIONSHIP LETTER AND GUIDANCE NOTES

2 September 2019

Dear Colleague

Every one of us working within United Learning, whatever our role, is acutely aware that the protection of children is of the highest possible importance. Trust underpins everything that we do in schools. The parents of our pupils entrust the care of their children to us and together we are all responsible for their wellbeing. United Learning also has a responsibility to ensure that those working in our schools are themselves protected - against putting themselves in a vulnerable position and against the possibility of false accusation.

This letter has also been prompted by the isolated actions of a tiny handful of employees who have acted improperly or who have found themselves – or who have put themselves – in a vulnerable position. Increasingly, this is in relation to the inappropriate use of social media. These instances have all led to disciplinary action including in the most serious cases dismissal for gross misconduct. I am writing to every person employed by United Learning to remind us all just how serious these matters are but also to offer some advice as to how to respond in potentially difficult situations.

Heads will discuss this issue with their staff at appropriate times during the school year. This letter reinforces those statements and ensures that no-one associated with our schools is in any doubt that child protection is an issue that must be treated with the utmost seriousness. Acts of child abuse may be blatant and incontrovertible. However, they may also be more subtle.

It must be understood that the following are almost always inappropriate within the professional context of schools and can easily be construed as child abuse in some circumstances:

- touching and physical contact, other than for staff working with very young children in primary or nursery settings, where it is expected that they will have necessary physical contact and display affection to properly fulfil their role to nurture, support and care for those children;
- personal emails/text messages or contact through social and personal networking websites/services.

Against this background, we must ensure that no situation could arise which is or could reasonably be construed as acting against the safety of each child. This is not always an easy line to draw but crossing that line, or being in a position where it appears that the line has been crossed, is unacceptable. Some adults within the school undertake roles where this is even more important because of the ease with which the proper execution of their duties might be misinterpreted or because the

vulnerability of the young people in their care might be more easily exploited. These might include those:

- working in boarding houses or residential situations, including, for example, school trips and excursions;
- whose work requires them to interact in a one to one situation, particularly when that work takes place behind closed doors as is often the case with peripatetic music lessons;
- whose work by its nature requires some physical contact with children, for example, those working with very young children and those involved in the coaching of sport or other practical subjects where a correct technique may need to be demonstrated;
- who have high levels of access to ICT systems and, indeed, all who use the internet, email, text messaging and other forms of electronic communication;
- young employees and workers whose duties require them to work with older pupils (e.g. sixth formers) where the age differential is quite small;
- who work with especially vulnerable children for example those with special educational needs, disabilities, mental illness or those that require intimate care.

Within each school, Head Teachers will issue both verbal and written guidance from time to time and will make available appropriate training to help everyone deal with this difficult issue. A statement of guidance follows this letter. The DfE has published updated guidance for all schools on their duties to safeguard and promote the wellbeing of children, 'Keeping Children Safe in Education' (DfE, September 2018). It is important that you are familiar with this guidance and, as a statutory minimum, have read and can demonstrate your understanding of your responsibilities in relation to Keeping Children Safe in Education Part 1 and Annex A.

Finally, having said all this, it is still important for all of us to retain an appropriate balance. The United Learning Board greatly appreciate the devotion and commitment of all of you who work in our schools. We know that your work is effective because every day you respect and care for children, enjoy their company and celebrate their achievements. The trust placed in us as we guide young people through their formative years is huge; we all need to help each other shoulder this responsibility to the very best of our ability.

Yours sincerely

Jon Coles
Chief Executive

Child Protection (Safeguarding)

Alex Wilson
Headmistress
Hull Collegiate School

UNITED LEARNING NOTES OF GUIDANCE FOR STAFF-STUDENT RELATIONSHIPS 2019

This guidance is not exhaustive and is designed to set out principles rather than to give detailed and specific advice. Clearly, the circumstances in which staff work vary (e.g. working with very young children, boarding staff, sports staff, etc.); this guidance is meant to give general principles only. Indeed, for staff working with very young children in primary or nursery settings it is expected that they will have necessary physical contact and display affection to properly fulfil their role to nurture, support and care for those children. Although this advice applies primarily to teachers and to other adults with educational roles, all adults working within schools relate to students during the course of their duties; again, the general principles apply equally to all who are involved in the school. Staff should be aware that departure from this guidance could result in disciplinary action.

1. The relationship between staff and students is a professional one. It is fully expected – and, indeed, hoped – that staff in the school have a friendly and caring relationship with students; nevertheless, the basis of that relationship is professional not personal. It is suggested that a good test to apply is to reflect on whether the child's parents would be happy with the relationship if they were standing with you.
2. A personal relationship between staff and a student is inappropriate unless it is with the full knowledge and consent of the student's parents or guardians. Circumstances in which such a personal relationship may arise might be when your own children are friends with those in the school or when you have a personal relationship with parents of children in the school. It is not normally appropriate for a member of staff to meet with a student out of school hours or off school premises except with the prior knowledge and consent of parents and the school.
3. In general, unnecessary physical contact with students must be avoided. In some circumstances, physical contact between a member of staff and a student is necessary and beneficial; it might be, for example, that a Reception teacher might need to pick up a 5 year old who has fallen over in the playground, a sports coach may need to demonstrate to a student how to hold a racket or a secondary teacher may give a student a gentle pat on the back as encouragement. In rare circumstances it may be appropriate for members of staff to use reasonable restraint in circumstances where a student is behaving in a manner which endangers him or herself or other people. In these situations, staff are advised to be very sensitive to the student's likely reaction and to watch out for signs that the student is apprehensive or uncomfortable. We all have our own personal space that needs to be protected.

4. Over-familiar words and actions, displays of affection, discussion of one's personal life or the personal life of the student are almost always inappropriate. Sexual innuendo is wrong in all circumstances. Staff must avoid actions, words or expressions that could be interpreted as suggesting that they have an emotional relationship with any student. In the professional staff-student relationship it is not appropriate to single a student out for favours or to suggest to a student that he or she is a special friend.
5. Occasionally it is necessary for professional academic reasons for staff to communicate with students out of school. Except where absolutely necessary, personal email addresses, home, mobile phone numbers, social media contact details, online aliases or text based messaging aliases must not be given, asked for or used. A staff mobile phone number might be given to students for use during an educational visit; where possible, the school's mobile phone (if there is one) should be used for this purpose. Pastoral matters should not normally be dealt with by personal email or using personal phone contacts. Only in the most exceptional circumstances, for instance, where there is well-founded concern for the unexplained whereabouts of a student, should pastoral matters be dealt with by personal email, using personal phone contact or other personal communication tools. In any event, records of all contacts must be kept on the student file so that if it is necessary to use email or personal contact, the reason why will be specified in the written record. It is very difficult to envisage circumstances under which individual contact is appropriate except through official school channels.
6. It is not normally appropriate for students to visit a member of staff in their own home. Such a visit might be more likely within a boarding context where staff live on site and so might invite a group of students– say, a tutorial group – to their house for a meeting or for a celebration. Where such a visit does take place, it must be with the full knowledge and consent of the School and parents/guardians. If possible, more than one adult should be present on such an occasion.
7. With older students, where a gathering is held as part of a celebration, it is generally advisable if that is held on school premises. It is essential that professional criteria (e.g. all the students in a particular teaching or tutorial group) rather than personal criteria (e.g. selected students only) are used for inviting students, that the event is held openly, and that senior colleagues are aware of it. Staff on such an occasion have a particular duty to ensure that the supply and consumption of alcohol is appropriate, is responsible and falls within the law and the school's guidelines on alcohol. As a rule, staff should not consume alcohol whilst in the company of children. This includes educational visits and celebratory functions. There will be occasional situations where alcohol is served either at a meal or school function and in these instances should be approved by the Head Teacher in advance.

8. Wherever possible when working with students, other people (adults, colleagues or students) should be present or the door should be open. All members of staff who, in the course of their professional duties, need to work on a one-to-one basis with a student (e.g. a piano lesson, a maths tutorial, etc.), must take care to ensure that the circumstances of the meeting or lesson are always entirely professional. Staff are advised to use a room which has vision panels in the door or keep the door open and ensure that colleagues know that the meeting or lesson is taking place. It is helpful if the meeting or lesson can be arranged during normal school hours or immediately before or after school when there are plenty of other people about. Similarly, where it is necessary for staff to drive students in their own cars, e.g. to sporting fixtures, drivers should ensure they are not alone with just one student, written parental consent should be obtained and a central dropping off point arranged rather than home drops.
9. Staff must avoid threatening words, raised voices and any aggressive contact such as holding, pushing, pulling or hitting, which could amount to or which could be interpreted as a criminal assault.
10. There are circumstances when it is appropriate for staff to use reasonable force to safeguard children and young people. The term 'reasonable force' covers a broad range of actions that involve a degree of physical contact to control or restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a young person needs to be restrained to prevent injury or violence. 'Reasonable' in these circumstances means 'using no more force than is needed'. This may involve either passive physical contact, such as standing between pupils, or active physical contact such as leading the pupil by the arm. Current DfE guidance is contained in 'Using Reasonable Force: Advice for head teachers, staff and governing bodies' which can be found on United Hub. Members of staff must also ensure they are familiar with the Independent School's/Academy's physical restraint policy and procedures document.
11. Social networking sites used for personal use, such as Facebook, Twitter, Instagram, WhatsApp, online games, digital communication/online services and other digital media, pose risks for all staff in terms of professional integrity and the welfare of students.
 - (a) Staff must not use these sites to contact or communicate with current students, students who have recently left, or ex-students under the age of 18 or who are still in full time education. Employees wishing to befriend students who are over 18 and who have left school should do so with extreme caution and with the knowledge that any content posted on either ex-students' or their own social network, may not only compromise their own position but that of any colleagues with whom they are also friends and who may not want their content to be seen by any ex-student.

Unfortunately, some students post information on their social networking sites which is inappropriate in language or visuals. To view such pages may alter your judgement of students, to be known to be viewing them may alter a student's view of you, and to comment to students about what you have seen is likely to have an impact on your professional reputation, as well as possibly causing distress to students concerned.

(b) Social media should not be used to address concerns regarding a student's welfare, which should instead be raised with an appropriate member of the school's SLT or safeguarding team.

(c) Caution should also be taken when staff become friends with parents of children at the school, or staff with children at the school, when posting or commenting on posts within social media and ensure that they do not put themselves at risk of any accusations or bring their school into disrepute.

(d) Should you become aware of material about yourself, the school, a student, a colleague or the Group, which is inappropriate, the Senior Leadership Team must be informed and they will instruct a member of staff to check the allegations and inform the appropriate authorities. You must not check it out yourself.

12. Social networking sites used for professional use, such as LinkedIn, Twitter, YouTube, and other social media, also pose risks for all staff in terms of professional integrity and the welfare of pupils.

(a) Before using social media for professional purposes, or as part of their teaching, staff should seek guidance and training on the risks associated with using social media.

(b) Staff should not follow students' personal social media feeds even though it is likely that students will be following them. It may be appropriate to follow students if done as part of an educational activity but this should be properly risk assessed and not using students' personal accounts.

(c) Staff are advised not to accept connection requests on sites such as LinkedIn from students. Accepting requests from ex-pupils post 16 or 18 should be used with care and thought given to how much information is visible to connections – phone numbers, email addresses etc.

(d) When uploading images or posting content on social media platforms, you should not link to children's online personas through tagging or mentions as this will increase the risk to them from online threats. You should also ensure you comply with the school image use policy; such as

not including names with pictures and ensuring parental permission has been given before posting a child's image.

(e) All content posted will be linked to you and your employer. Should you become aware of material about yourself, the school, a pupil, a colleague or the Group, which is inappropriate, the Senior Leadership Team must be informed, and they will instruct a member of staff to check the allegations and inform the appropriate authorities. You must not check it out yourself.

13. If you are at all concerned about anything which has occurred or which has made you uncomfortable, you must discuss the matter with a senior colleague at the earliest opportunity, even if it turns out that nothing untoward has happened. You must make a written record, dated and signed, of any such incident.
14. Where any allegation of abuse is made against a teacher, other member of staff or volunteer, the Group is committed to dealing with the allegation fairly, quickly and consistently, in a way that provides effective protection for the child and at the same time supports the person who is the subject of the allegation.
15. Staff will also find information relevant to staff-student relationships in the policies and procedures in their school or academy which they should make themselves familiar with and cover the following:
 - (a) Safeguarding Policy and Child Protection Policy and Procedures;
 - (b) Behaviour and Discipline;
 - (c) Physical Restraint;
 - (d) Email and Internet Acceptable Use Policy;
 - (e) Social Media Policy.

Appendix 5

Hull Collegiate Prep School **Foundation Stage** **Mobile digital devices**

This policy applies to our EYFS setting. Hull Collegiate School seeks to implement this policy through adherence to the procedures set out in the rest of this document. Hull Collegiate School is fully committed to ensuring that the application of this Foundation Stage Mobile digital devices policy is non-discriminatory in line with the UK Equality Act (2010). Further details are available in the school's Equal Opportunity document. This document is available to all interested parties on request from the main school office and should be read in conjunction with the following documents:

- Acceptable Use ICT
- Assessment, Recording and Reporting
- Bring Your Own Device
- Child Protection (Safeguarding)
- Health and Safety Management
- Mobile Phones
- Non-Residential Visits
- Pupil and Parent Privacy Notice
- United Learning Data Protection Policies
- Whistleblowing

This document is reviewed annually by Mrs J Maltby or as events or legislation change requires. The next scheduled date for review is September 2020

If you have any concerns regarding this policy please discuss them with Mrs Maltby

Policy Statement

It is our intention to provide an environment in which staff are able to work without distraction, and in which children, parents and staff are safe from images being inappropriately recorded and used.

We therefore operate the following:

Acceptable Use Policy

Mobile Phones

The setting allows staff to bring in personal mobile telephones and devices for their own use, in their own time, away from the children. These are not used to contact current pupils. Where at all possible contact with parents/carers are made using the school phone system or school mobile telephone. If it is found to be necessary to contact a current parent/carer using a personal device or home telephone, the call details are logged and kept on file. The use of personal mobile phones or digital devices, in school, to digitally record images or sound is strictly prohibited. Users bringing personal devices into school must ensure there is no inappropriate or illegal content on the device.

All teaching staff, parent helpers and students must ensure that their mobile telephones/devices are kept securely in a bag, locker or cupboard throughout contact time with children. Staff working in the Nursery classroom areas store mobile phones or devices in the staffroom lockers or Foundation Stage Coordinator's office. Office and ancillary staff must ensure that their mobile telephones/devices are kept securely in a bag, locker or cupboard throughout designated working sessions. Mobile phone calls or texts are only made and taken at staff breaks or in staff members' own time and in the designated staff areas.

If staff have a personal emergency they are free to use the setting's landline phone or make a personal call from their mobile in the designated staff area of the setting. If any staff member considers that an emergency situation requires them to keep their mobile phone to hand, prior permission must be sought from the Head teacher and the mobile phone should be placed in an agreed appropriate place.

Staff ensure that the school has up to date personal and emergency contact information and that staff make their families, children's schools etc. aware of emergency work telephone numbers. This is the responsibility of the individual staff member.

During educational visits and group outings nominated staff will have access to the setting's nominated mobile phone/s, which is to be used for emergency purposes only. Should the group leader of an educational visit deem it a necessary precaution for a higher number of mobile phones to be available, this is made clear on the Educational Trips and Visits application paperwork, along with details of the names and personal mobile numbers of the staff members concerned.

It is the responsibility of all members of staff to be vigilant and report any concerns to a member of the CLT or the Child Protection designated people contact list. Concerns will be

taken seriously, logged and investigated appropriately and may lead to dismissal. The school reserves the right of a Key Stage Coordinator, member of the CLT or Designated Safeguard Lead to check the image contents of a member of staff, parent helper or student's mobile phone or digital device, should there be any cause for concern over its appropriate use.

Cameras

Photographs are taken for the purpose of recording a child or group of children participating in activities or celebrating their achievements. This is an effective form of recording their progression, particularly so in the Early Years Foundation Stage. They are also used on our school and company websites, newsletters, magazines and noticeboards and/or by the local press, with permission from the parents. All photographs are taken and stored appropriately to safeguard the children in our care. The setting is registered with the Information Commissioners Office (ICO) and adheres to Data Protection Legislation.

Ownership:

Hull Collegiate School is fully committed to ensuring that the application of this policy is in line with Human Rights legislation and the Data Protection Act 2018 and The Copyright, Designs and Patent Acts 1988. It will be assumed that any photographs or digital images taken on school premises, by a member of staff, will be wholly owned by Hull Collegiate School and must not leave the premises either physically or digitally without the consent of Hull Collegiate School and the parents of the child or children concerned.

Use of images of children requires the consent of the parent / carer. Permission is obtained via the admissions documentation when a child joins Hull Collegiate School. When a parent does not agree to their child being photographed, the School Registrar must inform staff, who then make every effort to comply sensitively. For example, if a child whose parents have refused permission for photography is involved with a specific group event, it may not be appropriate to photograph the whole group. Careful liaison with parents is therefore essential. With discussion it may be possible to agree other options. The parent may accept a group photograph if names are not published.

When photographic images are transmitted or shared beyond Hull Collegiate School e.g. television broadcasts, images on intranet/internet sites, specific permission is obtained from the parent/carer.

Only a designated school camera or school digital device is to be used to take any photo within the setting or on outings. Where a designated school camera or device is not available, a designated school memory card may be used, with permission from a member of the CLT. All staff are responsible for the location of cameras, devices and memory cards; these are stored securely at the end of each day.

Images taken on these cameras are deemed suitable and never put the child/children in any compromising positions that could cause embarrassment or distress. Under no circumstances are cameras or digital devices of any kind taken into toilets or changing rooms

or any photographs taken whilst children are changing clothes in a classroom. Children are appropriately dressed in all photos.

Images taken and stored on school cameras, digital devices and memory cards are downloaded as soon as possible into to the school Pictures and Photos folder on the school's intranet, or the school's secure evidence folder in the Early Excellence Assessment Tracker program, and the camera, device or card cleared. Images are downloaded using school networked computers on-site, or onto encrypted school laptops. Stored images are regularly reviewed, and unwanted material deleted. Printed images used for display, publicity and recording activities and progress are disposed of responsibly.

Concerts, Performances, Events, Presentations and Visits

To allow the appropriate recording of children's images by parents/carers, staff:

- ensure that children are appropriately dressed
- obtain parental permission via the school registration forms
- are aware of any child who should not be photographed
- monitor the use of cameras

Teacher Training and Portfolios:

During teacher training and with newly qualified staff, colleagues may need to compile portfolios with photographs of children during lessons. Staff act responsibly in compiling these images. The Student Teacher/NQT Mentor oversees the compiled images as part of the management process and consider their appropriateness.

Children photographing each other using school cameras:

Staff maintain appropriate supervision and management control.

Failure to adhere to the contents of this policy will lead to disciplinary procedures being followed.

UPDATED APPENDIX 6 – KEY COVID-19 RELATED CHANGES TO CHILD PROTECTION AND SAFEGUARDING POLICY

UNITED LEARNING TRUST Hull Collegiate School March 2020 CHILD PROTECTION AND SAFEGUARDING POLICY **UPDATED (APPENDIX 6)**

CONTECT OF THIS APPENDIX

The school has an effective child protection policy in place reflecting business as usual. The initial Appendix 5 outlined changes to arrangements as a response to Covid-19. The planned return of more children to school is an appropriate time to review/update this Appendix.

The policy continues to have regard to all local and national guidance, advice, procedures and practice as set out in the main body of this policy. It also has regard for relevant Department for Education guidance provided in response to COVID-19.

- **Coronavirus (COVID-19): safeguarding in schools, colleges and other providers**
- **Coronavirus (COVID-19): guidance on vulnerable children and young people**

KEY AREAS

- Vulnerable children
- Local Safeguarding Arrangements
- Attendance monitoring
- Designated Safeguarding Lead – Interim Arrangements
- Reporting a concern
- Safeguarding Training and induction
- Safer recruitment/volunteers and movement of staff
- Online safety in schools and colleges
- Children and online safety away from school and college
- Peer on Peer Abuse
- **Mental Health**
- Children moving schools
- Support from United Learning

VULNERABLE CHILDREN

Vulnerable children for the purposes of continued attendance during the coronavirus outbreak are those across all year groups who:

- are assessed as being in need under section 17 of the Children Act 1989, including children who have a child in need plan, a child protection plan or who are a looked-after child

- have an education, health and care (EHC) plan and it is determined, following risk assessment, that their needs can be as safely or more safely met in the educational environment
- have been assessed as otherwise vulnerable by educational providers or local authorities (including children's social care services), and who could therefore benefit from continued attendance. This might include children and young people on the edge of receiving support from children's social care services, adopted children, those at risk of becoming NEET ('not in employment, education or training'), those living in temporary accommodation, those who are young carers and others at the provider and local authority's discretion

Local authorities have the key day-to-day responsibility for delivery of children's social care. Social workers and virtual school heads will continue to work with vulnerable children in this difficult period. The school staff (supported by the DSL or deputy) will continue to work with and support children's social workers, virtual school heads and any other relevant safeguarding and welfare partners to help protect vulnerable children.

To ensure safeguarding and welfare information held on all children (including returning children) remains accurate. The schools will ask parents and carers to advise them of any changes regarding welfare, health and wellbeing that they should be aware of before a child returns.

LOCAL SAFEGUARDING ARRANGEMENTS

The ERSCP are facing an unprecedented situation and children and young people are understandably worried, as well as being vulnerable to other risks whilst they are not in a nursery and the school environment.

During the ongoing situation with coronavirus (COVID-19), help and advice is available to ensure the safety and well-being of children and families.

If you have a concern about COVID or require information about support from early help services or sources of self-help then contact the FISH team on fish@eastriding.gov.uk.

If you need to make a safeguarding referral about a child or young person who is at risk of harm, abuse or neglect or who has significant vulnerabilities they should be referred to children's social care.

During office hours (Monday to Thursday 08.30am and 5pm, Friday 8.30 am-4.30pm), you can contact EHaSH by telephone on: Call 01482 395500

Or by email: childrens.socialcare@eastriding.gov.uk

Outside of office hours, please contact the emergency duty team on:

01482 393939

Rather than draft a newsletter the ERSCP has developed a full web page with advice about current arrangements and resources which may help parents and practitioners alike.

EARLY HELP AND PREVENTION
TEMPORARY CONTACT PROCESS

STEP 1

CALLS COMING TO EH_aSH THROUGH CURRENT IVR SYSTEM. IF AS CALL PROGRESSES IT APPEARS TO BE:

- INFORMATION ADVICE AND GUIDANCE, INCLUDING COVID-19 THEN EH_aSH WILL DIRECT CALLER TO SEND QUERY INTO FISH INBOX
- FISH HELPLINE TELEPHONE MESSAGE WILL ALSO BE DIVERTING ALL CALLERS TO SEND MESSAGE INTO FISH INBOX

STEP 2

FISH INBOX MONITORED VIA HELPLINE OFFICERS WHO RESPOND TO MESSAGES (Officers working remotely from home)

FOLLOW UP PHONE CALLS /E-MAILS DONE BY FISH OFFICERS.
ADVICE GUIDANCE GIVEN /SIGN-POSTED (EITHER EARLY HELP OR COVID-19)

STEP 3

IF AS A RESULT OF FOLLOW UP CALL /E-MAIL FURTHER WORK IS REQUIRED FROM EARLY HELP & PREVENTION / SAFEGUARDING PERSPECTIVE THEN THEY WILL BE SIGN-POSTED

0- 8 YEARS

6 IDENTIFIED CHILDREN'S
CENTRE TELEPHONE/INBOX

9 YEARS +

3 X YFS DUTY
OFFICERS (NORTH, EAST &
WEST)

TEAMS ABOVE RECORD ON SYSTEMS AND ASSIGNS WORK ACCORDINGLY IN LOCALITY AREAS, CONSENT SOUGHT TO PROCEED

ATTENDANCE

Vulnerable children attendance is expected, where it is appropriate for them (that is, where there are no shielding concerns for the child or their household, and/or following a risk assessment for children with an EHC plan), so that they can gain the educational and wellbeing benefits of attending. Vulnerable children – regardless of year group – that have not been attending in the recent period are expected to return to nursery, early years, school or college provision where this would now be appropriate for them to do so.

Attendance expectations across the different groups of vulnerable children is as follows:

- for vulnerable children who have a social worker, attendance is expected unless the child/household is shielding or clinically vulnerable.
- for vulnerable children who have an education health and care (EHC) plan, attendance is expected where it is determined, following risk assessment, that their needs can be as safely or more safely met in the educational environment
- for vulnerable children who are deemed otherwise vulnerable, at the school, college or local authority discretion, attendance is expected unless the child/household is shielding or clinically vulnerable.

The School will continue to notify social workers where children with a social worker do not attend. They will also continue to follow up with any parent or carer whose child has been expected to attend and doesn't. To support the above, the school will take the opportunity when communicating with parents and carers to confirm emergency contact numbers are correct and ask for any additional emergency contact numbers where they are available.

Parents and carers will not be penalised if their child does not attend educational provision.

The Schools will resume taking their attendance register from 1 June and continue to complete the online Educational Setting Status form which gives the Department for Education daily updates on how many children and staff are attending.

DESIGNATED SAFEGUARDING LEAD – INTERIM ARRANGEMENTS

The optimal scenario for any school or college providing care for children is to have a trained DSL or deputy available on site. It is recognised by the Department for Education that this may not be possible, the school will have the following interim arrangements in place:

- DSL Chris Wainman is working from home. His office telephone automatically forwards to his work mobile (07852 827288). DDSL Katherine Bloomfield is available via email and is sometimes in school looking after critical workers' children.

- If/when a trained DSL or deputy is not on site, in addition to the above arrangements, a member of the **Collegiate Leadership Team** will take responsibility for coordinating safeguarding on site. This might include updating and managing access to child protection files, liaising with the offsite DSL (or deputy) and as required liaising with children's social workers where they require access to children in need and/or to carry out statutory assessments at the school.

All school staff will be provided with a copy of the school's interim arrangements. CLT rota, names of DSLs and contact details (pages 7 & 8 in this policy).

The DSL (or deputy) will provide support to teachers and pastoral staff to ensure that contact is maintained with children (and their families) who are not yet returning to school or college. Where possible staff should try and speak directly to children to help identify any concerns. Staff should be encouraged (where possible) to make calls from the school or college site via school or college phones and devices. Where staff use personal phones to make calls, they should withhold their personal number. This practice should be consistent with guidance that has been provided by UL.

It is acknowledged by the Department for Education that DSL training is very unlikely to take place during this period. For the period COVID-19 measures are in place, a DSL (or deputy) who has been trained will continue to be classed as a trained DSL (or deputy) even if they miss their refresher training.

DSLs (and deputies) should continue to do what they reasonably can to keep up to date with safeguarding developments, such as via safeguarding partners, newsletters and professional advice groups (E.g. DSL update emails and DSL surgeries from UL).

Where resources allow DSLs (and deputies) will have more time to support staff and children regarding new concerns (and referrals as appropriate) as more children return.

REPORTING A CONCERN

Where staff have a concern about a child, they should continue to follow the process outlined in the school's Child Protection and Safeguarding Policy, provided they can do this remotely (if required).

If a member of staff is working remotely and cannot report a concern, they should email the Designated Safeguarding Lead via their school email and if unable to do this contact the DSL via phone. This will ensure that the concern is received.

Any concern should be reported immediately and without delay.

Where staff are concerned about an adult working with children in the school, they should report the concern to the headmistress. If there is a requirement to make a notification to the headmistress whilst away from school, this should be done verbally and followed up with an email (from school email) to the headmistress. If the Headmistress is

the subject of the allegation the Headmistress must not be informed of the allegation prior to contact with Chair of the LGB, Head of Safeguarding and designated officer.

If a student or a parent/carer has any concerns as set out above, they should follow the guidelines as stated in the main policy.

SAFEGUARDING TRAINING AND INDUCTION

All existing school staff will already have had safeguarding training and have read part 1 of KCSIE. The important thing for these staff will be awareness of any new local arrangements so they know what to do if they are worried about a child.

Where new staff are recruited, or new volunteers enter the school or college, they will be provided with a safeguarding induction. An up to date child protection policy will support this process as will part 1 of KCSIE.

The existing school workforce may move between schools and colleges on a temporary basis in response to COVID-19. The receiving school will judge, on a case-by-case basis, the level of safeguarding induction required. In most cases, the existing workforce will already have received appropriate safeguarding training and all they will require is a copy of the school's child protection and safeguarding policy, confirmation of local processes and confirmation of DSL arrangements.

SAFER RECRUITMENT/VOLUNTEER AND MOVEMENT OF STAFF

An addendum has been added to the UL the 'Safeguarding Children HR Procedural Guidance' and should be referred to.

Link: <https://hub.unitedlearning.org.uk/school-support/hr/School%20Policies/United%20Learning%20Safeguarding%20Children%20-%20HR%20Procedural%20Guidance.docx>

ONLINE SAFETY IN SCHOOLS AND COLLEGES

The school will continue to provide a safe environment, including online. The school will ensure that appropriate filters and monitoring systems are in place to protect children when they are online on the school IT systems or recommended resources.

CHILDREN AND ONLINE SAFETY AWAY FROM SCHOOL

It is important that all staff who have contact with children, including online, continue to look out for signs a child may be at risk. Any such concerns should be reported consistent with the Child Protection and Safeguarding Policy.

Remote/online teaching should follow the same principles as set out in the school's code of conduct.

The school will ensure any use of online learning tools and systems is in line with privacy and data protection/GDPR requirements.

Please note.

- Staff and children must wear suitable clothing, as should anyone else in the household.
- Any computers used should be in appropriate areas, and the background should contain no personal information.
- Some live classes may be recorded so that if any issues were to arise, the video can be reviewed.
- Live classes should be kept to a reasonable length of time.
- Language must be professional and appropriate, including any family members in the background.
- Staff must only use agreed platforms.
- Staff should record, the length, time, date and attendance of any sessions held.

The School will be in regular contact with parents and carers and will use these opportunities to reinforce the importance of children being safe online. It will be especially important for parents and carers to be aware of what their children are being asked to do online, including the sites they will be asked to access and be clear who from the school or college (if anyone) their child is going to be interacting with online.

Parents and carers may choose to supplement the school or college online offer with support from online companies and in some cases individual tutors. The school will emphasise the importance of securing online support from a reputable organisation/individual who can provide evidence that they are safe and can be trusted to have access to children.

SUPPORT FOR CHILDREN NOT IN SCHOOL

Where the DSL has identified a child to be on the edge of social care support, or who would normally receive pastoral-type support in school, they should ensure that a robust communication plan is in place for that child or young person. Details of this plan must be recorded on **the appropriate Pastoral Logs within Microsoft TEAMS**, as should a record of contact that has been made.

The school recognises that school is a protective factor for children and young people, and the current circumstances, can affect the mental health of pupils and their parents/carers. Staff need to be aware of this in setting expectations of pupils' work where they are at home.

Support for pupils and students in the current circumstances can include existing provision in the school e.g. counselling services (although this may be delivered in different ways, for example over the phone) or from specialist staff or support services.

PEER ON PEER ABUSE

Where the school receives a report of peer on peer abuse, they will follow the principles as set out in part 5 of KCSIE and of those outlined within the Child Protection Policy and Safeguarding Policy.

MENTAL HEALTH

Negative experiences and distressing life events, such as the current circumstances, can affect the mental health of children and their parents. Where they have children of critical workers and vulnerable children on site, and/or more children returning to school, the school will ensure appropriate support is in place for them.

CHILDREN MOVING SCHOOLS

It will be important for any school or college whose children are attending another setting to do whatever they reasonably can to provide the receiving institution with any relevant welfare and child protection information. This will be especially important where children are vulnerable. For looked-after children, any change in school should be led and managed by the VSH with responsibility for the child. The receiving institution should be aware of the reason the child is vulnerable and any arrangements in place to support them. As a minimum the receiving institution should, as appropriate, have access to a vulnerable child's EHC plan, child in need plan, child protection plan or, for looked-after children, their personal education plan and know who the child's social worker (and, for looked-after children, who the responsible VSH is). This should ideally happen before a child arrives and, where that is not possible as soon as reasonably practicable. Any exchanges of information will ideally happen at DSL (or deputy) level, and likewise between special educational needs coordinators/named individual with oversight of SEN provision for children with EHC plans. However, it is acknowledged this may not always be possible. Where this is the case senior leaders should take responsibility.

SUPPORT FROM UNITED LEARNING

United Learning Central Office will provide support and guidance as appropriate via the Safeguarding Lead to enable the DSL to carry out their role effectively.
